

ANES 2020 Non-Response Follow-Up Study Questionnaires

There were 40 versions of the ANES 2020 NRFU questionnaire, varying 5 forms of invitation, two titles, two lengths, and two types of content inclusion or sequence ($5 \times 2 \times 2 \times 2 = 40$).

This document shows 5 questionnaires to cover variation on each of the dimensions by which the questionnaires varied.

The 2-page examples do not have a barcode that appears on the 1-page versions at the bottom of the page, but the fielded study included the barcode on all questionnaires.

The example questionnaires are as follows:

Page 2: 1 page, non-political, short title, invitation to the oldest female

Page 3: 1 page, political, long title, invitation to the oldest male

Page 4: 1 page, political, long title, invitation to named person

Pages 5-6: 2 page, non-political first, short title, youngest female

Pages 7-8: 2 page, political first, long title, youngest female
