Hello, my name is _____ from Market Strategies, a national survey research firm and we are conducting a study for the University of Michigan Institute for Social Research. It concerns issues in the state of (RESTORE QB). (READ IF NECESSARY: As a token of appreciation, the University is offering \$10 to people who complete the survey.)

PHCON. Please confirm that I reached you at telephone number (RESTORE PHONE NUMBER).

1 Correct number {CONTINUE}

2 Wrong number {TERMINATE}

Before I can begin the survey I need to ask about the people who are residing at this residence so we can identify the correct person we need to have complete the survey. First I need to know just the **gender** and age of everyone who resides in this household that is 18 years of age or older or will be 18 at the time of the election in November, and is a citizen of the United States.

QMALE. Let's start with the males... How many MALES, who are 18 years of age or older (or will be 18 at the time of the election in November) and are citizens of the U.S., reside at this household?

[RECORD NUMBER 0-15]

16 Don't know {TERMINATE}

17 Refused {TERMINATE}

{IF QMALE=1-15, ASK AGEMALE;OTHERWISE GO TO QFEMALE}

AGEMALE. Please tell me the age of each MALE (18 or older). (INTERVIEWER: CODE AS 18 IF WILL BE 18 AT THE TIME OF THE ELECTION)

RESPAGE. KISH GRID PROGRAM SELECTS RESPONDENT'S AGE

RESPGEN. KISH GRID PROGRAM SELECTS RESPONDENT'S GENDER

For this survey to be scientifically correct it is important that I speak with the specific person who has been randomly selected by a computer program and for this survey I need to speak with the (RESTORE RESPGEN) household member that is (RESTORE RESPAGE) years of age.

(ONCE KISH HAS SELECTED THE RESPONDENT, REPEAT INTRO AS NECESSARY AND PROCEED WITH THE INTERVIEW WITH THAT PERSON ONLY--IF PERSON IS NOT AVAILABLE, RECORD ANY AND ALL INFORMATION FOR CALL BACK PURPOSES, AND BEST TIME TO REACH THEM)

- 1 CORRECT RESPONDENT AVAILABLE
- 2 CORRECT RESPONDENT NOT AVAILABLE (SET CALL BACK)

SECTION C

I'd like to get your feelings toward some of our political leaders and other people who are in the news these days. I'll read the name of a person and I'd like you to rate that person using something we call the feeling thermometer. Ratings between 50 degrees and 100 degrees mean that you feel favorable and warm toward the person. Ratings between 0 degrees and 50 degrees mean that you don't feel favorable toward the person and that you don't care too much for that person. You would rate the person at the 50 degree mark if you don't feel particularly warm or cold toward the person. If we come to a person whose name you don't recognize, you don't need to rate that person. Just tell me and we'll move on to the next one. (INTERVIEWER USE "DON'T KNOW" IF DON'T RECOGNIZE)
